

## **Cayman Brac & Little Cayman British West Indies**

If you want the amazing diving of Grand Cayman without all the hustle and bustle, look to these two sister islands. Water temps are in the 79 to 83 degree range and the visibility is over 100 most days. There is shore diving and the boat trips are usually only 15 minutes. The reefs abound with life and wrecks are easily reached. Don't forget about Bloody Bay Wall, accessible from both islands. No matter what kind of diving you are after, it is here.

Topside, there are other things to do, including world-famous climbing, nature trails, and fishing.

Check with our travel department for detailed information regarding the accommodations and flights. We are offering Open Water, Advanced Open Water, Specialty Courses, and Inspiration/Evolution Training
