

Cocos Islands Costa Rica via the Undersea Hunter live-aboard

Sharks, Sharks, and more Sharks!

Hammerhead sharks congregate here, as well as the occasional whale shark, lots of silkies, and other pelagic animals. Just a mere 36-hour boat ride from Costa Rica's Pacific coast, uninhabited Cocos Island is supposedly the burying point of pirate treasure. The food is amazing and the diving is even better. They fully support all types of rebreathers, open circuit, videography, and photography.

Check with our travel department for detailed information regarding the accommodations and flights.
